

Thanks so much for your involvement with the Backpack Attack!

In 2010, with your company's help, we received over 500,000 school supplies! We are on track to do the same again.

Did you know?

- 83% of the families in the IPS school system can't afford the basic school supplies that their children need.
- Students with inadequate supplies suffer an unnecessary struggle to keep up with peers.
- Many IPS teachers spend their own money to purchase these supplies for students.
